ABOUT ME

I'm a creative front-end web developer with a passion for development and design. Seeking to leverage my skills in a junior web developer position. I write organized, readable code using best practices. HTML and CSS is my strong suite, with additional experience building web applications using JavaScript, jQuery, Bootstrap, and NodeJS. I'm presently expanding my skills in JavaScript and back-end technologies.

EXPERIENCE

FREELANCE WEB DEVELOPER

JUNE 2018 - PRESENT
Design and develop a front end website for R&S Infrared using HTML, CSS, and JavaScript. Working closely with client throughout process to maintain client satisfaction. Responsibilities include brand design and developing/designing an attractive, informative, and intuitively navigable website to increase annual profits.

BARTENDER @Pins Mechanical Co.

SEPT 2016 - PRESENT
Demonstrated outstanding ability to work efficiently under pressure in a high-paced environment. Supported quality customer experience for over 500 visitors daily, providing knowledgeable and helpful customer service. Maintained strict recipe standards and consistently contributed to weekly Bevinco scores above 97%.

MOTION GRAPHICS INTERN @MiND TV

MAY 2008 - AUG 2008
Brainstormed, storyboarded, and digitally animated three interstitial advertisements that were televised in Philadelphia, Pennsylvania from 2008 - 2009. Collaborated with a team and independently on projects. Extensively used Adobe Photoshop and Adobe After Effects.
